Keren Olam HaTorah is a historic initiative led by world-renowned gedolim and askanim, aiming to rescue the yeshivos of Eretz Yisroel in response to the severe budget cuts of April 2024. As long as the funds are frozen and the war persists—so must our fight for Torah. Every dollar raised is given to those in need and will never be used for overhead or event costs, like the making of this invitation.
