—WITH RABBI ELI SCHELLER—

SEPARATE GROUPS FOR BOYS IN GRADES 2 - 5 AND GRADES 6 - 8

Six weeks of music lessons covering the following skills:

## the art of BREATHING

Without water in the tank a super-soaker cannot be effective. Without air in the lungs a person cannot sing properly. Learn how to breathe correctly.

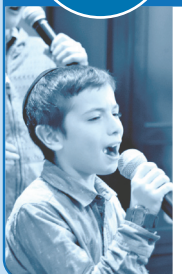

## the art of USING A MIC

Using a mic is a skill. The mic picks up the air that flows from the mouth and projects it. Learn how to sing with a mic.

## the art of SINGING

A whistle can make a very loud high pitch noise with minimal effort. We all have a 'whistle' in our throat and it can produce very high notes with minimal effort if used properly. Learn how to sing high notes – not scream high notes.

## the art of RHYTHM

Every song has a beat. You can learn any song once you can follow the beat. Learn different types of beats: 4/4, 3/4, 6/8. Never miss a beat again!

## the art of EAR TRAINING

Professional singing requires singing on pitch and hitting the correct notes. Learn the difference between singing flat & sharp.

## the art of PERFORMING

Gain more confidence by practicing singing in front of others
