To the beloved members of our community,

It is of the utmost importance that our entire community vote in the election - and we should feel as if we are mechuyav to do so. There are crucial races and ballot questions that require our communal voice to be heard and our government officials need to see how strongly our community turns out to vote.

If you have not yet voted – please go to your regular Election Day polls before 8 pm tonight. If you have never registered to vote, please go to the polls with a Maryland ID card or a document that proves your Maryland residence, and you can register there and vote on a provisional ballot.

If you have questions or require assistance, please call the Agudah Maryland office - 410-484-3632, or go online and visit www.mdvoting.info to find the information you need.

PLEASE REMEMBER: This election requires the participation of every single eligible voter in our community.

Help yourself, your family, and your community – make sure you vote!
