To the Members of Our Beloved Community,

As we are all so keenly aware, כלל ישראל, and especially our brothers and sisters in ארץ ישראל, finds itself in a very precarious situation.

In the midst of this great סכנה, there are many thousands who are demonstrating and rallying against the continued support of the United States government for the Jewish State and of the Jewish People.

It is vitally important that we join in a large public gathering to encourage the members of the Biden Administration and Congress to maintain their support of Israel in the fight against evil.

The Vaad HaRabbonim strongly urges all to attend the rally in Washington, DC, next Tuesday, November 14th.

In addition to the continued outpouring of our heartfelt תפילות, attending a gathering such as this is an important השתדלות on behalf of כל בית ישראל.

May השקב"ה accept all our תפילות and our השתדלות, may we experience ונחמות ישועות, and may we merit גואל צדק במהרה בימינו.

Sincerely yours,

Rabbi Yaakov Hopfer
